The Trevor Project is the leading national organization providing crisis intervention and suicide prevention services to lesbian, gay, bisexual, transgender, queer & questioning (LGBTQ) young people under 25.

LGBT SUICIDE FACTS

- Suicide is the 2nd leading cause of death among young people ages 10 to 24.
- LGBT youth are almost five times as likely to have attempted suicide compared to heterosexual youth.
- Suicide attempts by LGBT youth and questioning youth are 4 to 6 times more likely to result in injury, poisoning, or overdose that requires treatment from a doctor or nurse, compared to their straight peers.
- LGBT youth who come from highly rejecting families are 8.4 times as likely to have attempted suicide as LGBT peers who reported no or low levels of family rejection.
