

Good Morning, Friends:

With events moving quickly regarding the COVID-19 situation, particularly the decisions yesterday by local, state, and national leaders, I've decided that the prudent thing to do is to not hold worship services in addition to all church gatherings for the foreseeable future. There will, however, be a live stream of at least the scripture and the sermon at 9:30 AM tomorrow, Sunday, March 15, that will be available on the church's Facebook page.

I invite you to engage in active prayer as we seek to navigate this situation, especially for those who are particularly vulnerable due to advanced age or existing health issues. Please be safe and stay tuned for more updates.

If you have any further questions, please don't hesitate to contact me.

Grace and Peace,

Pastor Tom
